Architect: Inhouse, Stina Andersson  
Collection: Bkb Sisal Plain Granite, Create Como, Pario, Efficio, Now Silver  
Area: 450 m<sup>2</sup>  
Year: 2014

## Etikhus in Varberg, Sweden

Etikhus is a Swedish company that design and build private homes. For their own new office they choose to install 450 square meters of Bolon Studio™ Wing in a combination of BKB Sisal Plain Granite, Create Como, Pario and Efficio, and Now Silver. With Wing installed in groups of three and three, the floor takes a graphic turn on a summer meadow in bloom.
