## General Mills in Brisbane, Australia

Bolon was thrilled to have two of their latest collections featured within the food giant General Mills new HQ in Melbourne. Highlighting and energising the reception area is the Bolon by Missoni Optical Blueberry, which also runs into the staff lounge and show kitchen area, accentuated through the splashes of yellow in rolling pins hanging from the ceiling. With an effective use of the green raw-silk appearance and geometric pattern, Bolon Create Creo compliments both the indoor and outdoor secret garden features of the main factory cafeteria.
