

Singelveste AlleeWonen in Breda, Netherlands

The Interior Architect Team, Sytko Domela Nieuwenhuis and Milee Herweijer were inspired by Bolon when they designed Singelveste AlleeWonen in Breda, NL. For this 2000 sqm project they chose the collection NOW and the designers Silver and Anthracite. When asked why they say, “we like the benefits of easy maintenance and in this case, the ease (design, installation and replacing) of tiles”.
